

## Waste-ID Systems™

Waste-ID™ Systems are unparalleled in the industry. They are easy to use, cost effective and accurate in identifying RCRA (EPA federal) and BMP (Best Management Practices) hazardous waste.

All waste characterizations have been performed by experienced personnel who have access to the actual products being analyzed.

**“Both Waste-ID Software and Waste-ID WISE are valuable tools for every hospital pharmacy.”**

Jeff Hollar – President of PharmWaste Technologies Inc.

Technologies Inc.

# Pharmaceutical Waste-ID Systems™

## Waste-ID System™ Options

PTI offers two options for the proper identification of pharmaceutical waste. Those two options are:

- Waste-ID WISE™
- Waste-ID Software™

## Waste-ID WISE™ (Waste-ID Spreadsheet Evaluation)

Send PTI your pharmaceutical inventory for an in-house evaluation. One subscription entitles the user to additional full inventory evaluations on a periodic basis.

## Waste-ID Software™

Install and run pharmaceutical waste identification software at your facility.

## Website Features

After logging in, you have the ability to download thousands of MSDS's online as well as access the return goods policy for a particular pharmaceutical product. Don't waste it if you can get credit! Don't send non-creditable hazardous waste to a reverse distributor!

## Selecting BMP Parameters

Customize your BMP (Best Management Practice) parameters to fit your situation. Choose from any of the following to be applied to your analysis.

- Combination P/U wastes
- Carcinogens
- Chemotherapy Drugs
- Endocrine Disruptors
- OSHA
- NIOSH I
- NIOSH II
- MSDS Indicated
- DEA Controls
- Bio-hazardous

## Database Maintenance

PTI monitors over 330,000 industry specific items in their master database. New products are evaluated as they enter the marketplace. State specific regulations are also taken into consideration when generating outputs.

## Outputs

Select from a wide assortment of graphical and spreadsheet reports. Customize your reports to meet your specific needs (OSHA and The Joint Commission audits).

## About PTI

PharmWaste Technologies Inc. is an industry leader in providing solutions surrounding the complex area of pharmaceutical waste identification. Target customers include pharmacies worldwide. For more information call (515)276-5302 or visit [www.pwaste.com](http://www.pwaste.com).
