**PharmWaste Technologies Joins National Health Organization
Supporting Environmental Practices**

URBANDALE, IA (April 7, 2009) PharmWaste Technologies Inc. (PTI), is pleased to announce that it has made a significant commitment to environmental sustainability by joining Practice Greenhealth, a membership organization for institutions and businesses in the health care field who are engaged in reducing their environmental footprints.

Practice Greenhealth provides practical guidance, training, consultation, and business solutions to help its members in their efforts to implement environmentally responsible practices. More than 800 healthcare providers have joined Practice Greenhealth in the last year alone, indicating the growing commitment among the healthcare community to reduce its environmental impact.

"We are pleased and proud to be part of Practice Greenhealth," said Jeff Hollar, President of PharmWaste Technologies. "They are a fine organization and their views on environmental stewardship are consistent with ours." says Hollar.

"We are very pleased to welcome PharmWaste Technologies to the Practice Greenhealth member community," stated Robert Jarboe, executive director of Practice Greenhealth. "Their membership demonstrates a real commitment to improving the environmental impact on their patients, staff and communities."

Practice Greenhealth offers a variety of programs to its members, including the Healthcare Clean Energy Exchange, environmental purchasing, sustainable operations, continuing education, webinars, networking opportunities, communications, and annual awards recognizing the achievements of member institutions.

PharmWaste Technologies Inc. is an industry leader in providing solutions surrounding the complex area of pharmaceutical waste through a combination of industry experience and innovative software. For more information call (515)276-5302 or email info@pwaste.com.

Practice Greenhealth is the nation's leading membership and networking organization for institutions in the healthcare community that have made a commitment to sustainable, eco-friendly practices. Members include hospitals, healthcare systems, businesses and other stakeholders engaged in the greening of healthcare to improve the health of patients, staff and the environment.
